**JUNE 2019**

## Bois d'Arc Lake Project Wins Development Award

The Bois d'Arc Lake Project received the **Celebrating Leadership in Development Excellence (CLIDE) Award** for Special Development this June for its exemplary environmental stewardship. Every other year, the Center of

Development Excellence of the North Central Texas Council of Governments selects and announces recipients for the CLIDE Awards.

The awards encourage innovative development projects and practices that will help accommodate expected growth and ensure a sustainable North Texas for generations to come. Participants are evaluated based on private and public development programs and projects that exemplify **Principles of Development Excellence**.

**(back row) Fernando Costa, CLIDE Awards Presenter; Jeff Payne, P.E., Freese and Nichols Principal/Vice President; Jeff McKitto, NTMWD Public Relations Specialist; Mike Rickman, NTMWD Deputy Director – Operations and Maintenance; Jack May, NTMWD Board of Directors; Brian Coltharp, P.E., Freese and Nichols President and CEO; Kevin Strength, 2018-2019 NCTCOG President**

## Project Progress During June 2019

For regular, updated information on the various projects under construction to create Bois d'Arc Lake and deliver its water, visit the [recent updates page](#) on [boisdarclake.org](http://boisdarclake.org).

Work completed over the past month (view the [June report](#)) includes:

- Building the lake dam, which currently stands around 17 feet tall and 500 feet wide.
- Pouring concrete for reservoir's spillway (to return lake water to Bois d'Arc Creek) and raw water pump station (10 of 33 pours complete).
- Working around the clock to finish tunneling so crews can begin to lay the raw water pipeline.
- Continuing stream restoration and start of planting native grassland cover crops in mitigation areas.
